About this document

The Residential Park Comparison Document assists prospective manufactured home owners compare residential parks by providing general information about a park and their facilities and services, including the costs of moving into, living in and leaving the residential park. It is not intended to provide information about individual manufactured homes within a park. It doesn't form advice or guidance, and any prospective home owner is encouraged to seek independent financial and legal advice.

Key things to know about residential parks

Manufactured homes in residential parks are a form of housing where manufactured home owners own their dwelling and position them on sites in a residential park owned by a park owner. Home owners enter into a site agreement with the park owner for the use of the land and communal facilities, services and amenities and pay the park owner site rent.

Buying a manufactured home is a significant commitment, and when you enter into a site agreement you are agreeing to continue paying site rent for as long as you own the home, or until you remove the home from the site in the park.

In a residential park, **site rents can increase at regular intervals based on the terms of your site agreement** and subject to legislation on site rent increases in the *Manufactured Homes (Residential Parks) Act 2003*.

You should carefully consider whether you can afford the ongoing expenses of living in the residential park, and how this will increase over time. You are strongly encouraged to seek independent financial and legal advice from an experienced Queensland lawyer about your rights, options and obligations as a manufactured home owner before buying a manufactured home in a residential park and entering into a site agreement.

Appendage to Rule 6 – Lawn Mowing.

The Park Rule states that there is no mowing on a Sunday. However after discussion with the H.O.C. and members of the Bremer Waters Community, it has been agreed that mowing on Sunday is to be permitted (if no other option is available).

Bremer Waters ask that under normal circumstances, lawn mowing should be performed between the hours of 8.00am to 6.00pm on Monday to Saturday (as stated in Schedule 2, Park Rules). But if an unusual situation occurs, mowing may be performed on a Sunday.

If mowing on Sunday was the only option, then we would ask that the resident take into consideration the welfare of their neighbours and other residents of Bremer Waters.
